### **Testimonies**

- I liked the classes that combine grades. More schools should have multiple grades.
- I appreciate the Montessori system for it teaches kids to be responsible at an early age.
- The Montessori method of motivating students is something interesting and I would like to know more.
- Montessori helps children be more sensitive to diversity way of teaching.
- Excellent LATTICE session, one of my favorites ever.
- I learned more about teaching and learning in the Montessori context.
- I was very impressed by the confidence displayed by the student presenters and tour guides
