Testimonies

- Respect student's voice, their idea, even though they are young they are able to think and have critical ideas.
- Waverly HS is awesome. So multi-cultural and a great example of tolerance + acceptance, great students excited about global connections.
- The importance of giving our young generations a voice. Importance of servitude: a good leader is a one who serves.
- How to encourage student voice in your classroom
- Student voice can come in different forms and must be respected for students.
- It was very insightful hearing actual student voices. Our table discussion were equally good.
- Such events unite people despite from what countries they have come and help understand that were are not so different.
