

# LATTICE

Linking All Types of Teachers to International Cross-cultural Education

LATTICE Session at Ionia Intermediate School District

Friday, January 16, 2009 (noon - 4:30pm)

## Media, Technology and the Environment in a Changing Journalist's World

Speaker: Jim Detjen, Professor and Knight Chair, MSU School of Journalism

## What's happening around the world?

### Presenters:

Alicia Trotman  
*(Trinidad & Tobago)*  
Norseha Unin  
*(Malaysia)*  
Dwi Agus Yuliantoro  
*(Indonesia)*

## Session Testimonials

- Media is a powerful tool - environmental journalists affect policy-making: for example MSU tailgating trash reports.
- I learned that technology has touched our lives regardless of nationality. We need to educate and coach students on how to use it.
- Trinidad and Tobago has interesting project which can be replicated in the environment by getting farmer people involved.
- The biodiversity and beauty of Borneo is shared by 3 countries: Malaysia, Indonesia, & Brunei.
- Bring MSU international students to classes! They are great!

## Attendance: 24

10 International Participants from Benin, China, India, Indonesia, Malaysia, S. Africa, Trinidad & Tobago

14 Local Educators from Ionia & Macomb Counties
