Session Testimonials

- The guest speaker was interesting. Her speech inspiring.
- Naming activity is always fun and great way to find out meaning of other people's name.
- I loved having the music! The science experiments were very cool. I would like to find a way to teach them.
- The power of one-social change in Global context, really it is encouraging me to think about it.
- Inspired to get kids involved in 'power of one.'
- The water presentation was very interesting and informative.
